

CALCIUM + Vitamin D

Fact: Deficiencies are reported¹ when bariatric surgery patients utilize standard supplements.

Products designed to meet the conditional nutrient needs of a Bariatric Surgery Patient are BEST.

Science Based. We research and design products to meet the specific needs of weight loss surgery patients and improve outcomes.

Patient Focused. We study the patient populations and create various forms and flavors to maximize adherence.

Quality Made. We manufacture in pharmaceutical grade facilities and are GMP certified. Each product delivers 100% of labeled ingredients.

Bariatric Advantage Calcium and Vitamin D deliver comprehensive nutritional support that works.*

How?

The science

Designed to improve outcomes

- Calcium Products
 - Uses primarily citrate and limited lactate-gluconate forms of Calcium (critical for patients with reduced/no gastric acid)
 - Includes Vitamin D3 to enhance absorption*
 - Includes other vitamins and trace elements to further aid absorption of Calcium*
- Vitamin D Products
 - Vitamin D3 exclusively
 - Variety of forms to meet the specific needs of the patient

The patients

Designed to maximize adherence

- Various forms and flavors to provide choice for individual needs and on-the-go lifestyles
 - Chewables
 - Chewy bites
 - Highly Soluble crystals
 - Capsules (Vitamin D3 only)
 - Liquid drops (Vitamin D3 only)
 - Chewable Gels (Vitamin D3 only)

Three specialty Calcium products to meet patients' needs for healthy bones.
