

Fact: A two week pre-operative diet with Bariatric Advantage High Protein Meal Replacement can best prepare a patient for weight loss surgery.

Products designed to meet the conditional nutrient needs of a Bariatric Surgery Patient are BEST.

Science Based. We research and design products to meet the specific needs of weight loss surgery patients and improve outcomes.

Patient Focused. We study the patient populations and create various forms and flavors to maximize adherence.

Quality Made. We manufacture in pharmaceutical grade facilities and are GMP certified. Each product delivers 100% of labeled ingredients.

Preparing the patient for the impact of bariatric surgery takes planning. The High Protein Meal Replacement delivered with the Bariatric Advantage formulation works.

How?

The science

Designed to improve outcomes

- 100% Whey Isolate and fortified with 23 essential vitamins & minerals
- 27 grams of protein
- Only 7 grams of carbohydrates (5 from fiber) and 1.5 grams of fat
- Helps to optimize liver health†
- Gluten free formulas with only 150-160 calories

The patients.

Designed to maximize adherence

- Great Tasting Formulas
- Variety of flavors and convenient packaging options
- Easy to mix
